Route 2 Collection System Project
Use of Contingency Request

RECOMMENDATION

The Use of Contingency Request prepared by the Region II Planning and Development Council for the above-mentioned project has been reviewed and is technically feasible.

The total of this request is \$474,458 and will include a change from 15" PVC to 16" ductile iron. This line was moved under the road because of utility conflicts and the DOH required this change. The cost will utilize \$344,417.40 from the IJDC contingency, along with \$130,040.60 from the IJDC Bid Overrun Grant.
